Hillsborough Soil and Water Conservation District  
c/o Dr. Joe Walsh, Executive Director  
4503 Coronet Road  
Plant City, FL 33566

Dear Members of the Hillsborough Soil and Water Conservation District,

I am writing to you to express my interest in serving as a board member on Soil and Water Conservation.

In 1977, my parents Marvin & Linda Brown began farming in Hillsborough County. My father had a burning desire to farm. Once he put his hand to the plow; he didn't look back. He kept looking forward and planning for the future.

In 1989, I joined the family operation. I work full time as the office manager overseeing daily operations. Our mission is to grow products of the highest quality by using sound business decisions, good agricultural practices alongside with the help of our dedicated employees.

Agriculture is a vital part of Florida and contributes significantly to the economy. Florida continues to experience rapid growth. Farmers, developers and the public can work together to find a balance of growth while maintaining our farmlands.

Soil and water are valuable resources that are essential to our future. They are our investment so we can continue to grow products for human consumption and keep agriculture in Florida.

We can take pride in knowing that we can purchase food that was produced Fresh from Florida®.

It is an honor and a privilege to be considered to serve on the Soil and Water Conservation board. I hope to be beneficial to the board by bringing the values of honesty, hard work and dedication.

Sincerely,

*Lisa Brown Fox*
