Conservation District
Florida

Hillsborough Soil and Water Conservation District is a Florida Special District, organized under Title XXXV, Chapter 582 (F.S.), with a board of five locally elected "Supervisors" governing its operations.

The mission of the "Conservation District" is to promote land and water management practices for the long-term health of soils, water quality, and natural resources in general. Being organized to provide local support to the Florida Department of Agriculture and Consumer Services and the US Department of Agriculture, our priority is on activities associated with agricultural lands and agricultural operations.

The Conservation District works through inter-local agreements, Federal and State contracts, grants, and donations to deliver technical assistance, project funds and outreach programs. In addition to those other sources, the Conservation District gratefully enjoys administrative and financial support from the Hillsborough County Board of County Commissioners.

Under Chapter 50 (F.S.) the District is required to provide annual public notice of its meeting schedules, agendas, and minutes, which are available on our Home Page at: www.hillsboroughswcd.com.

In addition, the public can find educational information on our Home Page and sign up for regular email notices under the following topics:

- Cost Share Agreements and Technical Assistance Quarterly Newsletter
- Upcoming Events
- Meeting Agenda & Minutes
- HSWCD's Calendar for the Month

We look forward to hearing from you!
